2.06 No Waiver of Fees. Nothing in this Agreement, nor any entry or repossession of the Room by the Manager or Owner releases the Resident or Guarantor from any liability for the payment in full of all amounts payable under this Agreement for the Term.

3. RESIDENCE PROCEDURES

3.01 Move-In Procedure. The Resident must follow all move-in times, dates and procedures outlined by the Manager. The Resident will be notified of the date and time that the Resident may move into the Room. If the Resident wishes to move-in prior to the scheduled move-in day, the Resident may do so at the Manager's then posted nightly rate and subject to availability (detailed in **Table 1**). Care is to be exercised in moving-in heavy objects to avoid damage to floor coverings, walls, doors and frames and any other part of the Residence. The Resident shall be responsible to pay forthwith to the Manager the cost of any damage to the Room or the Residence arising from the move-in.

3.02 Move-Out Procedure. Prior to either (i) the expiry of the Term, or (ii) the date on which the Resident is to vacate the Residence (detailed in **Table 1**), the Manager, or designate, can be requested in advance by the Resident to complete a visual inspection of the Room to view the state of cleanliness and repair. If no request to inspect the room is made by the Resident, the inspection will take place once the Resident has vacated the room. In the event the Resident chooses to have the inspection completed prior to vacating the suite, the Manager, or designate, will inspect the room and inform the Resident of potential damage and/or cleaning charges and outline what steps the student may take to mitigate charges. On vacating, all garbage and belongings of the Resident must be removed, and the room must be cleaned to the point of restoring the room to its original condition. Once the Resident has vacated, the Manager, or designate, will complete a documented visual inspection of the Room. In the event deficiencies are found, the cost of cleaning the room and restoring it to its original state may be deducted from the Resident's original Deposit. There is a minimum cleaning charge of **\$25.00** and damage charges will be billed accordingly at the cost of restoring the room to its original condition. Any items left behind by the Resident will be immediately discarded; the Residence shall not be liable to the Resident for any loss of property as a result. As with the "move-in procedures", care must be exercised to avoid damage to doors, frames, walls, floor coverings and any other part of the Residence. The Resident is financially responsible to pay forthwith for any damage caused on moving out of the Residence.

3.03 Roommates. The Resident may be notified prior to move-in the name and contact information of their roommate (and vice-versa). This disclosure is to enable the roommates to get acquainted and to arrange bringing common supplies to the Residence. Roommate changes may be requested for cause at any time. The Manager's first priority is to try to mediate any dispute between roommates. If a roommate change is required roommates may be moved to different Rooms (subject to availability within the Residence and to the Manager discretion), unless another Agreement can be reached amongst all parties involved.

3.04 Room Reassignment. The Manager may in its sole and unfettered discretion, relocate the Resident to another Room upon 48 hours advance written notice. The Resident agrees to comply with the terms of any relocation notice and to remove and relocate the Resident's property to the Room designated in the relocation notice. Residents are required to comply with any de-densifying efforts required on campus due to Covid-19 or other public health or safety emergency, including, but not limited to, the relocation of all or some residential students to alternative housing. Relocation does not constitute a termination of a residential student's housing contract. In the event that the Manager must relocate students as part of a de-densifying strategy due to public health, safety or other concerns for an extended period of time and alternative housing is not available, the Manager may, in its sole and unfettered discretion, pay impacted students fair and reasonable reimbursement (as determined by the Manager) as appropriate and based on information available at that time and in full and final satisfaction of the Manager's and the Institution's obligations hereunder.

3.05 Deliveries and Solicitation. The Manager may control access to the Residence for deliveries. The Manager may allow reasonable access to political candidates or their representatives for the purpose of canvassing for support and delivering pamphlets.

3.06 Lost Keys, Lock Outs. The Resident will be responsible for the cost of replacing lost keys (e.g., room key, mailbox key, etc.) at a cost determined by the Manager, to a maximum of \$20.00 per key. If the Resident is locked out of the Resident's Room, the Resident will pay a fee for letting the Resident into the Room, to a maximum of \$5.00, or will be provided with a temporary key to be returned immediately after use. Failure to return a temporary card in the time allotted will result in a replacement fee to a maximum of \$20.00.

4. RESIDENCE FACILITIES, MAINTENANCE AND SERVICES

4.01 Responsibility for Damages. Within 24 hours of taking possession of the Resident's assigned Room, the Resident must complete a "Room Inspection Report", listing all damage to and deficiencies in the Room and its furnishings, fixtures and equipment. At all times during the Term, the Resident must maintain the Room and its furnishings, fixtures and equipment to the same standard and condition as exists at the time possession of the Room is given to the Resident (or if the Manager repairs any damage or deficiency noted in the Room Inspection Report, to the same standard and condition as exists after repairing that damage or deficiency), subject to typical wear and tear. The Resident and any other person sharing a Unit with the Resident are jointly and individually liable for any damage to or deficiency in the Unit and its furnishings, fixtures and equipment, other than damage and deficiencies noted in the Room Inspection Report which are not repaired by the Manager. The Resident must also take positive steps to ensure their safety by locking Unit doors, and ensuring that only authorized persons enter their Room, unit and/or the building.

4.03 Damages to Common Areas. Residents are responsible for taking all actions associated with good citizenship, including reporting information about damages and vandalism, and those allegedly responsible for causing the damage. 4.04 Room Entry. The Manager subscribes to the principle that Residents are entitled to enjoy a reasonable right to privacy in residence Rooms. However, the Resident acknowledges that the Manager is entitled, without notice and without the Resident being present, to have authorized staff, the Institution's security services, emergency services, or the police enter the Room at reasonable times under the following conditions: (a) to provide repair and maintenance services as detailed in **section 4.05** of this Agreement; (b) to provide housekeeping services as detailed in **section 4.06** of this Agreement; (c) to ensure the safety and security of the Resident and/or when there is reasonable cause to believe an emergency situation has arisen; (d) during the Winter Break to provide routine maintenance; (e) when there is reasonable cause to believe that terms of this Agreement and/or the Residence Community Living Standards detailed in **section 7.01** and/or the law is being violated. The Resident shall, at all times during the Term, keep all parts of the Room clean, including and not limited to; floor coverings, doors, walls, ceilings, kitchenette appliances, counters, cupboards, faucets, sinks, furniture, glass, window frames, and other furnishings.

4.07 Limitation on Liability of Manager. Unless arising as a result of their gross negligence, the Manager and the Institution shall not be liable to the Resident for any loss or damage, however caused to the Resident, the property of the Resident or to the property of the Resident's guest(s) while in the Residence or on the lands on which the Residence is situated. The Resident further agrees to take all reasonable precautions and follow recommendations by public health authorities to mitigate the spread of communicable diseases while living in the Residence community. Failure to follow the Student Residence Agreement and measures related to said communicable diseases (including but not limited to Covid-19), or failure to follow directions from staff regarding communicable disease related rules or measures may result in standards action up to and including eviction from residence.

4.08 Heating of Room. Throughout the Term the Manager will provide a heating system sufficient to provide a comfortable temperature in the Room and will operate, maintain and repair that heating system. During any period in which the heating system is not functioning to the standards set out above, the Manager will use commercially reasonable efforts, after receiving notice of the deficiency, to have the system repaired and functioning as soon as may be possible in the circumstances. In no event however, is the Manager, the Owner, or the Institution liable to the Resident for any consequential illness or discomfort and the Manager, the Owner, or the Institution shall not be deemed to be in default of its obligations under this Agreement, so long as it is using commercially reasonable efforts to have the system repaired.
